Agronic XS – Serie Slurry Tankers 2017

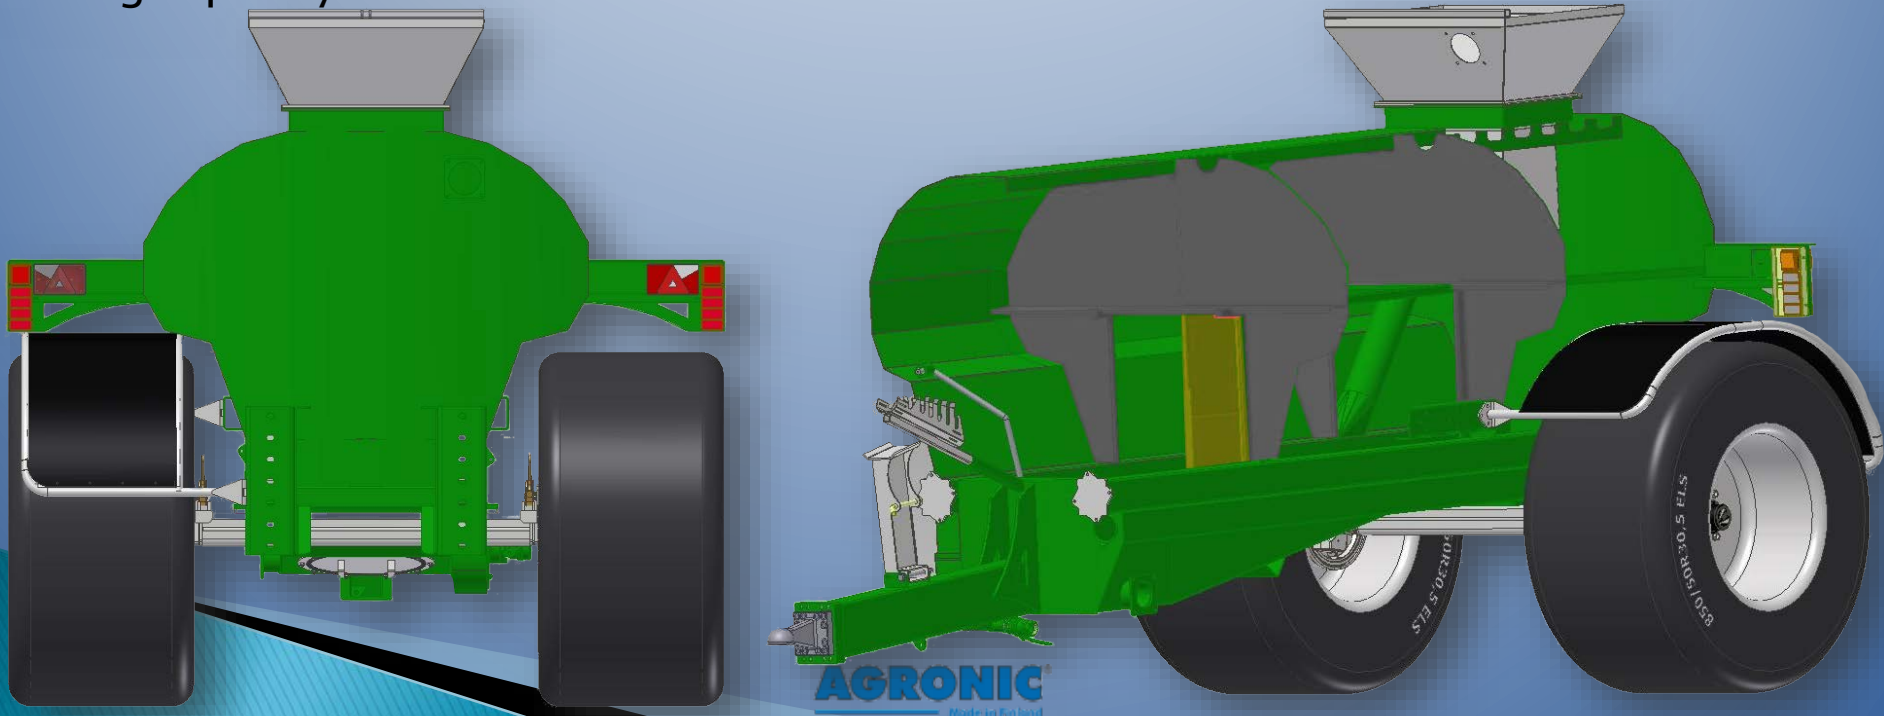

XS – A Single Axle Slurry Tanker

- A tanker equipped with a hydraulic bilge pump, no PTO shaft.
- Maneuverable, lightweight, and affordable tanker.
- A variety of spreading ramps and pumping arms are available.
- Top fill tanker with filling funnel
- Funnel descends 50cm into the tanker, no hatch needed.
- Hydraulic gate valve as standard
- Injector brackets are standard.
- LED light kit.
- Lacquered paint.
- Available Sizes: 10m³ & 12m³

Excellent handling characteristics through careful design.

- Overall low centre-of-gravity, with tank attached directly to the axle.
- Tank has an oval shape.
- Design allows for the front to emptied last, to maintain proper weight distribution.
- Fitted with two baffles inside.
- High quality radial tires.
